I understand that studies at foreign institutions often differ from our educational system. I understand that outside the United States, students usually have a greater degree of personal responsibility for and independence in structuring their studies; success and failure largely depend on one's own initiative.

I will discuss with my Cooper Union faculty recommenders the type and amount of work expected of me while I am abroad.

I understand that the number of credits awarded to me on my return to Cooper Union depends on my fulfilling the agreement made with my faculty sponsors.

Student signature & date: \_\_\_\_\_

Three faculty members recommend me for exchange and have agreed to evaluate my work when I returned to Cooper Union.
